The present application is a division of Serial No.: 09/808,769 filed March 15, 2001. The "Transmittal Letter" filed with the present application under heading 18 recites that the present application is a division and "incorporates by reference" the entire disclosure of parent application, Serial No.: 09/808,769. A copy of the "Transmittal Letter" is attached as Exhibit A. The Manual of Patent Examining Procedure at §201.06(c)(II)(A) states that an application not entitled to a filing date due to omitted material can be completed upon submission of the material that was originally incorporated by reference. Accordingly, Applicants request that the present Petition be granted and the amendment and specification be entered thereby maintaining the filing date of September 15, 2003 for the present application.

Applicants also submit herewith a check for \$130.00 to cover the requisite Petition fee. However, if any additional fees are necessary, please charge such sums to our Deposit Account 50-1145.

Applicants also hereby request that, prior to rendering a Decision, the Petition Officer contact Applicant's representative at the telephone number set forth below if any additional submissions are required to complete the Petition.

Respectfully submitted,

Gerald Levy
